

AMITY UNIVERSITY DUBAI

A leading education group with WASC accreditation

Amity sets a new standard in academic excellence by becoming Asia's only not-for-profit university to gain US regional accreditation WASC.

WASC has awarded this accreditation to **Amity University** based on stringent parameters such as student learning success, institutional integrity and development of faculty and resources to ensure exemplary standards of quality.

Amity Education group has more than 150,000 students and campuses in different parts of the globe providing education from preschool to PhD level. As an education group with over 20 years of outstanding experience, **Amity** emphasise on innovation and research, which is reflected in several of its funded research projects, hundreds of patents and publications in journals of repute. In order to be a truly global university, **Amity** has set up over 12 international campuses located in India, the US, UK, Abu Dhabi, Singapore, Mauritius, Romania, South Africa, Hong Kong, China and most of them have a local degree awarding authority.

Amity's new state-of-the-art campus opening this September spanning an area of 700,000 sq ft will be an iconic institution having top-notch amenities, vibrant classrooms and modernised infrastructure. **Amity's** highly practical and industry-focused curriculum has been conceptualised

with the region's talent needs thus opening up a world of opportunities for students who study there. The teaching is hence regional and industry focused yet draws its inspiration from the rich experience of **Amity Education** group.

Amity University Dubai, with students from 49 different nationalities, offers 36 career-focused programmes at the undergraduate and post-graduate levels in diverse disciplines of higher education. Besides conventional programs such as engineering, management, commerce, hospitality, architecture and interior design, the university also offers new-age programmes like nanotechnology, aerospace engineering, nuclear science and forensic science. **Amity University Dubai** is proud to offer new courses such as law, fashion design, journalism and mass communication, mechanical and automation engineering as well as applied psychology.

"**Amity University Dubai** aims to provide not just world-class education but nurture

and yield talent," says **Vajhat Hussain**, CEO of **Amity Middle East**. "We are committed to revolutionising education with commendable research in alignment with the strategic vision of the UAE. **Amity's** new campus will open an avenue for students to pursue their interest not just through traditional means of education.

"We aim to provide a forward-looking global institution attracting the best and brightest students and faculty. It will have world-class infrastructure and the finest student life amenities."

The people at **Amity** believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavours. The university has instituted more than 125 scholarships a year in categories including Merit, Girls, Sibling, Sports, Emirati scholarship awarded to students to make their education in Dubai more cost-effective and affordable. The placements are specific to the domains of specialisations in the various programmes on offer.
