

**AMITY UNIVERSITY DUBAI**

# The future in mind

**A**mity Education group has more than 150,000 students, with campuses in different parts of the globe providing education from the preschool to PhD level. As an education group with over 20 years of outstanding experience, it emphasises innovation and research, which is reflected in several of its funded research projects, hundreds of patents and publications in journals of repute. In order to be a truly global university, Amity has set up more than 12 international campuses, located in India, the US, the UK, Abu Dhabi, Singapore, Mauritius, Romania, South Africa, Hong Kong and China, with most of them holding local degree awarding authority.

To add to this, Amity's new state-of-the-art campus – which opens this year and spans an area of 700,000 square feet – will be an iconic institution having top-notch amenities, vibrant classrooms and modernised infrastructure.

## Amity University Dubai

Amity University Dubai, with students from 43 different nationalities, offers 29 career-focused programmes at the undergraduate and post-graduate levels in diverse disciplines of higher education. Besides the conventional programmes such as engineering, management, commerce, hospitality, architecture,

interior design etc., the university also offers new-age programmes like nanotechnology, aerospace engineering, nuclear science and forensic science.

Vajahat Hussain, CEO, Amity Middle East, says, "Amity University Dubai aims to provide not just world class education but nurture and yield talent. We are committed to revolutionising education with commendable research in alignment with the strategic vision of UAE. Amity's new campus will open an avenue for students to pursue their interest not just through traditional means of education. We aim to provide a forward-looking global institution attracting the best and brightest students and faculty. It will have world-class infrastructure and the finest student life amenities."

Amity's highly practical and industry-focused curriculum has been conceptualised with the region's talent needs, opening up a world of opportunities for students who study there. Its teaching is hence regional and industry-focused, yet draws its inspiration from the rich experience of Amity Education group.

## Scholarships and placements

The people at Amity believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavors. The Amity

Scholarships have been initiated to encourage the talents of such students, thereby strengthening the roots of our future generation. Amity University has instituted more than 125 scholarships a year in different categories, including on merit, for female students and siblings, for sporting achievements and for Emiratis, to make their education in Dubai more cost effective and affordable. The placements are specific to domains of specialisations in the programmes on offer.

In alignment with the governments long-term strategy, the university emphasises improving the quality of higher education to ensure that it yields graduates equipped with the skills required to power growth and stability. Amity University provides a practical industry-oriented teaching with updated contemporary curriculum.
