

# BACHELOR OF SCIENCE IN FORENSIC SCIENCES

Duration - 4 years\*

Credit Hours - 120

Internships

Scholarships and bursaries available\*\*

The field of forensic science has been capturing the imagination of people around the world and is expanding beyond solving criminal cases. Forensic experts are now called to help with civil cases, too. From verifying signatures on documents to uncovering evidence in a murder investigation, the possibilities are endless.

The Bachelor of Science in Forensic Sciences (BS Forensic Sciences) degree aims to introduce students to the interdisciplinary nature of forensic science by exploring emerging techniques and sub-disciplines, such as forensic chemistry and DNA forensics. Students will learn about how a crime scene is investigated and the intricate processes involved in collecting and analysing crime scene evidence.

Students can opt for a BS Forensic Sciences degree with the following concentrations:

- Crime Scene Investigation (CSI)
- Questioned Documents & Fingerprints (QDFP)

\*Opt to fast track degree by taking courses during the summer

\*\*Scholarships are based on merit

## POTENTIAL CAREER PATHS

Crime Scene Investigator

Crime Reporter

Digital Forensic Scientist

Pathologist

## WHY AMITY?

- ▶ MOE licensed institution
- ▶ CAA accredited degrees
- ▶ Innovative learning and research environment
- ▶ PhD qualified faculty
- ▶ Diverse range of courses
- ▶ Strong industry connect
- ▶ World-class campus
- ▶ Placement and career support
