Amity University Dubai – Together we will change the world.

Based in Dubai International Academic City, Amity University Dubai is spread over a 700,000 sq. ft. area with world-class facilities. Amity University Dubai offers Under Graduate, Post Graduate, PhD and blended learning programs in line with the national agenda of the UAE.

The programs at Amity University Dubai range from innovative programs such as Mechatronics, Data Science, Machine Learning, Aerospace Engineering, Animation and Forensic Science to traditional courses like Business, Law, Fashion Design, Journalism and Mass Communication, Mechanical Engineering and Applied Psychology.

At Amity University Dubai, we focus on bringing about change, empowering communities and making the world a better place. Through immersion in real-world projects, group interactions and networking opportunities, students of Amity reach their full learning potential over the course of their program. Whether it is through mock trials in a moot court, creating a collection for a fashion show, building a solar powered house or working on a Satellite Ground Station, new programs and projects are constantly introduced to ensure that students are ready to take on the corporate world.

The University's full time and part-time programs are designed to develop professional skills, practical understanding and theoretical knowledge in a variety of area. Preparing students for the future of the industries, teaching them to adapt to the new environments and evolving global practices. The University campus is designed to inspire students to become the future innovators. Through internships and research, students get the opportunity to understand more about the inner workings of organization and gain knowledge about different fields.
